

# The New York Section of the Society of Motion Picture and Television Engineers

## PAGE TWO

January 19, 2010

Welcome to the January 2010 edition of **PAGE TWO**, the NY Section newsletter! Please email submissions of help-wanted/available, equipment, local events and news related to film, video and audio to your editor, **Tim Dwight**. Visit our web site [www.smpteny.org](http://www.smpteny.org) and join us on [LinkedIn](#), [Twitter](#) and [Facebook](#)!

The **MLB Studio** tour was the subject of our NY Section meeting last November. A capacity crowd of 45 people came to the studio in Secaucus, NJ on a Wednesday morning, a great turnout and the start of more out-of-Manhattan SMPTE-NY meetings to come. Mark Haden, VP of Engineering at MLB, and other MLB engineers conducted tours of the facility, which was formerly the home of MSNBC. Click on these links in **TV Technology** and **Multichannel News** for more detailed information on MLB Studios. Pictured above (L-to-R) are William C. Miller, NY Section Chair and Chuck Diehl, meeting Producer, awarding a plaque to Mark Haden.
